### Corrigendum

This is in reference to the Unit-wise Eligible Quantity in respect of Special E-auction Scheme 2015 for Power-Producers, notified earlier on our website. The eligible quantity for Adani Kawai (U-1&2) had been notified with the remark "subject to submission of PPA approval from RSERC for 200 MW before the registration with Service Providers, the quantity shown in 40% category shall be eligible for bidding in 20% category". As Adani Kawai (U-1&2) has submitted the required documents vide letter dated 22.09.2015, the revised calculation of eligible quantity is as under :

Name of Plant and Unit	Capacity	Long /Medium Term PPA-backed capacity	Status of COD achieved/ expected (month)	Period for which eligible quantity is computed	Eligible Quantity under 20% category (Long-term/Medium term PPA)	Eligible Quantity under 40% category (Short-term/No PPA)	Remarks
	in MW	in MW		in Months	in Tonnes	in Tonnes	
Adani Kawai U-1	660	660	Achieved	6	276998	0	PPA approval from RSERC for 200 MW has been submitted. Hence, the quantity shown in 40% category earlier is now eligible for bidding in 20% category
Adani Kawai U-2	660	660	Achieved	6	276998	0	

\*Eligible quantity under M/s MSTC Ltd. is shifted to that under M/s Mjunction Services Ltd.
