### NOTICE FOR NEW POWER PLANTS COMING THROUGH LOA ROUTE

It has been intimated by General Manager(S&M), CIL vide letter no. CIL/S&M/CMO/472252(NewPol)/384 dated 27.5.2013 that CIL Board has approved that those power stations whose name appeared in MOC letter dated 17-2-2012, coal companies might sign FSA without insisting for long-term PPAs. However, commencement of coal will be subject to the satisfaction of the “condition precedent” regarding furnishing long-term PPA with DISCOMS and commissioning of the plant. Supply of coal will be restricted to the quantity required for generating electricity to meet the commitment as per PPA.

In view of the above directive, Power plants whose name appear in the list annexed to MOC letter dated 17-2-2012 and who have achieved milestones and fulfilled other conditions but have not furnished PPA with DISCOMS, may sign FSA. However, commencement of coal will be subject to the satisfaction of the “condition precedent” regarding furnishing long-term PPA with DISCOMS and commissioning of the plant. ACQ/Supply of coal will be restricted to the quantity required for generating electricity to meet the commitment as per PPA. In such FSAs, it will be clearly indicated that “FSA is subject to PPA”
