## NOTICE

All the consumers who have booked coal from Belpahar OC for G14 grade under NRS Linkage Auction (for all current Tranches) are hereby informed that due to the non-availability of G14 grade coal at Belpahar OC, and current availability of only G10 Grade coal, the consumers are requested to kindly give their consent to accept G10 grade coal in place of contracted G14 grade coal from Belpahar OC. In case no consent is received, the booked quantities of such consumers for the month of July'23 and onwards shall be shifted to secondary sources as per the relevant clauses of NRS Linkage Auction FSA. This arrangement is temporary, and as soon as coal is made available for G14 grade after resumption of production for this grade from Belpahar OC, consumers will be intimated and sale orders of the contracted grade will be issued accordingly.

Further, it should be noted that in case of the supply of a higher grade than the Contracted Grade coal from the same source, consumers shall bear the additional costs arising out of it. In the case of contracted grade coal or higher grade coal at the Secondary Source(s), consumers shall accept the Contracted Grade of Coal or higher grade of coal directly from such Secondary Source(s). Also, the additional costs incurred due to the supply of the Contracted Grade of Coal or higher grade coal at the Secondary Source(s) shall be borne by the consumer.
