NOTICE

Sub: Allocation of short supplies/lifting for Power & Non-Power Sector consumers under FSA

This is for the information of all the consumers (IPPs and Non-Power) having linkage with MCL and lifting coal by Rail mode that it has been agreed to implement the re-allocation of the shortfall in rail dispatch quantity against monthly entitlement of FSA holders of Power and Non-power sector customers. In this regard, the shortfall against monthly entitlement of Apr'22-Jan'23 period shall be considered for re-allocation in Feb'23. Subsequently, the shortfall quantity may be considered for reallocation on month on month basis. For the month of March, the shortfall may be considered based on RR weight and re-allocation may be considered within the month. The eligible customers may apply for the same in the enclosed format for availing the same.

It may be noted that this facility is optional and the MCL management reserves the right to consider re-allocation of shortfall quantity based on availability of coal, advise of Subgroup etc. Also, the decision of MCL regarding mode of the re-allocation quantity shall be final and binding.

This issues in pursuance to letter no. CIL/M&S/Others/38 dtd 25.01.2023 (copy enclosed) and with the approval of the competent authority.

GENERAL MANAGER (M&S)

**Sub: Eligibility for allocation of short supplies/lifting for Rail Borne IPP's & Non-Power Sector
Rail borne consumers under FSA**

Dear Sir,

It is to inform that MCL has brought out in the notice of CIL that when a rake is endorsed for FSA Consumers, the quantity is taken as 3894 tonnes for becoming eligible for a rake supply irrespective of the unloading facility at the consumer's end i.e. Tippler (BOXN) or Hopper (BOBR) or both. and this is also irrespective of what type of wagon Railways supplies, though as per railway rules for a BOBR rake only 3717 tonnes makes entitlement for 1 rake. This practise is by and large followed in all the Coal Companies because of the technical issues in FOIS as well as SAP system. This leads to less loading of coal against the entitlement of the rail borne consumers and road borne consumers get an edge because they get the Delivery order (DO) for full entitlement.

The less loading in rake supply is attributed to the following reasons:

- Supply of reject wagons which could not be loaded
- Less quantity of coal loaded onto wagons against the PCC
- Supply of BOBRN wagons even if the sanction is on BOXN/BOBRN basis

The matter has been examined at CIL and the competent Authority has approved (a copy of the approved e-office note is enclosed) regarding eligibility of FSA consumers to get coal as per FSA and actual supplies will depend on other issues like coal availability, coal allocation in the subgroup etc.

The Coal Companies are requested for immediate implementation of the system explained in the approved enclosed e-office note dated 24.01.2023 which has been approved on 25.01.2023.

Enc: As stated above

Yours Faithfully,

Aupte 25/1/23
