Sub: Deferment of loading of rakes of unwilling consumers against pending allotments of non-lapsable category

It has been noticed that some consumers are not willing to avail the supply of allotted rakes coming up for loading as per ODR list of seniority due to various reasons such as financial constraints regarding coal value and freight, unloading constraints, excess stocks due to bunching of rakes etc.

The matter has been deliberated between Coal India and Railways and as per the suggested methodology proposed by Railways vide letter no. 2020/TT-V/25/CIL dated 29.06.2020, consumers having pending allotments in non-lapsable category may request for deferment of rake supply and loading. Thereby such indents shall be treated as inactive indent by Railways. Such inactive indents can be revived/ reactivated when the industry is willing to receive coal.

Therefore, such consumers who want their indents to be kept in abeyance are requested to apply to the undersigned through e-mail with zone-wise details of their pending allotments which they do not want to avail, so that the same can be endorsed and forwarded to specific Railway Zones for needful.

It is further clarified that customers who do not submit their application to avail this dispensation will continue to be supplied rakes as per seniority. However, in case of shortfall in coal value at any point of time, MCL reserves the right to cancel allotments without further notice. The modalities of this dispensation may change as and when Director (RM), Railway Board issues Procedure Order on this.
