

Purchase requisition for Products

Purchase requisition & Business Requirement:

Purchase Requisition will be a new process introduced for Buyers to buy directly through GeM market place by getting an opportunity to get a better price than offered by sellers/service providers directly in the Market. Instead of going through direct purchase with the price offered on Market, buyers will be able to initiate a Purchase Requisition, where sellers/service providers can offer a better price based on Buyers need. The price offered by Sellers/Service Providers could be lesser based on convenience of consignee/delivery location or quantity or product etc.

Purchase requisition & Business Requirement:

- Buyers will have an option to create a Purchase Requisition for L1 purchase (Compare and Buy between Rs 25,000 to Rs 5,00,000).
- The golden parameters of the selected product/service will act as allowed values for sellers/service providers to be able to participate and offer their price for the given Purchase Requisition.
- The sellers/service providers can submit their offers for the Purchase Requisition within 48 hrs from publish of Purchase Requisition. The price offered will be locked for next 10 days for Buyer to create order.
- After 48 hours Buyer will be able to view the offers submitted by sellers/service providers.
- Buyer can only proceed with L1 in the Purchase Requisition and in case of multiple L1, they can select any L1 out of the offers
- If there are no offers for the Purchase Requisition the buyer can choose to buy the carted L1 item
