तिथि / Date: 09-05-2006

CIRCULAR

Corrigendum to tender notices are being issued from time to time against published notices inviting tender. In order to bring transparency in the matter, the following are required to be observed henceforth :

- Corrigendum except for change of dates or correction of address etc. should not be issued. However, if a corrigendum is published after commencement of sale of tender documents regarding change of dates or address etc. then a copy of the corrigendum is to be sent to those, who have already purchased the tender documents, by speed post or otherwise deliver the corrigendum under a receipt of acknowledgement by any other lawful means.
- If date of submission of tender or price bid opening is to be changed, then the last date of submission of the tender should be suitably extended to allow the tenderer the same time period for submission of tender as originally indicated.
- No corrigendum in respect of change in scope of work, quantity and estimated value of work or any other specific condition shall be issued. If any such change becomes essential then a fresh NIT should be issued notifying cancellation of earlier NIT.
- The information pertaining to (a), (b) and (c) above is to be simultaneously incorporated in the Website.

This has approval of the Chairman, CIL.

(Shashi Prakash)
Chief Vigilance Officer
