Circular No.31/11/08

Subject: Time bound processing of procurement.

The Commission has observed that at times the processing of tenders is inordinately delayed which may result in time and cost overruns and also invite criticism from the Trade Sector. It is, therefore, essential that tenders are finalized and contracts are awarded in a time bound manner within original validity of the tender, without seeking further extension of validity. While a short validity period calls for prompt finalization by observing specific time-line for processing, a longer validity period has the disadvantage of vendors loading their offers in anticipation of likely increase in costs during the period. Hence, it is important to fix the period of validity with utmost care.

2. The Commission would, therefore, advise the organizations concerned to fix a reasonable time for the bids to remain valid while issuing tender enquiries, keeping in view the complexity of the tender, time required for processing the tender and seeking the approval of the Competent Authority, etc., and to ensure the finalization of tender within the stipulated original validity. Any delay, which is not due to unforeseen circumstances, should be viewed seriously and prompt action should be initiated against those found responsible for non-performance.

3. Cases requiring extension of validity should be rare. And in the exceptional situations where the validity period is sought to be extended, it should be imperative to bring on record in real time, **valid and logical grounds**, justifying extension of the said validity.

4. These instructions may please be noted for immediate compliance.
